### SCA-CMS PREMIUM FINANCE PROGRAM

For individuals who can benefit from a life insurance financing strategy, Succession Capital Alliance exclusively employs the Capital Minimization Strategy (CMS) program. At its core, CMS is a funding strategy that enables clients to finance their insurance premiums, leveraging the lender's capital and retaining the use of their own assets for other investment opportunities. The dual leveraging and arbitrage opportunity is a concept most high net worth individuals are already familiar with, making it an economically friendly method for life insurance funding.

CMS is the tightest running and most successful premium finance program in existence. The CMS loan has funded multi-billions in face amount. It is endorsed and utilized by ten of the most respected life insurance carriers in the industry.

### NEWS & EVENTS
